

Privacy Policy

Hosting provider and domain name registrar TheHost respects the rights of its Subscribers to the safety and non-disclosure of personal information. This Privacy Policy is a document binding on all TheHost employees.

Personal information - collection and use

The process of registering domain names, hosting accounts, SSL certificates and other services of TheHost company involves the provision of personal information about the potential owner of the rights to a particular service. At the same time, data identifying the user is open and can be published in publicly available sources (for example, WHOIS domain name databases).

At the same time, information that relates to issues of economic and/or commercial cooperation between the Subscriber of TheHost and TheHost itself - the number of ordered services, registered domain names, payment amounts, terms and conditions for fulfilling orders, logins and passwords for managing services, etc. — are confidential. This information is not sold/transferred to third parties under any circumstances (exception can only be made by court order and by law).

Links

TheHost 's website may contain banners, links and other types of online advertising. TheHost management carefully selects business partners, choosing only the best offers on the market. At the same time, TheHost hosting provider and domain name registrar cannot be responsible for the content of the information, the general business practices of these resources, or their privacy policies.

Interaction with Subscribers

TheHost company strives to establish close partnerships with its Subscribers. For this purpose, the site may periodically conduct and conduct competitions, surveys, lotteries and other interactive events.

Data collected during such activities is confidential and may only be published with the written permission of the users who provided it. Without the need to obtain permission, only general effective anonymized statistical data of a competition, survey, lottery or other interactive event may be published.

Service information

Hosting provider and domain name registrar TheHost may distribute proprietary information to its Subscribers about existing and new products and services, payments, technical events, etc. At the same time, the Subscriber has the opportunity to disable the delivery of distributed service information via email, SMS messages or direct information by telephone.

Address and contact databases of TheHost clients are not sold or transferred to third parties under any circumstances (exception - only with a clear and unambiguous court decision and in a legal manner).

Changes

This Privacy Policy is not final and may be changed and supplemented. Customers will be notified of any changes to the Privacy Policy by email or other channels for distributing Service Information.
